Other information regarding Sport and PE at Lever House.

We work in partnership with South Ribble Active Health team to develop inclusion, competition and participation elements of sport within our school. Our School Sports Co-Ordinator is Anthony Graham who organises training and sporting events in these areas.

We have used the PE passport app this year to ensure HQT in PE and to help map out our curriculum for the children at our school. Staff have previously be trained in how to use this resource with Jess Squires from Lancashire. We have had some new staff start school though and so it might be worth booking in a refresher course.
