As they looked back they spotted the UFO's door starting to open. After a long wait the UFO door had opened and there was a shadow

Starting to ~~now~~ move out of the UFO.

With a flash 24 hours had swiftly passed by and a jittery Christian awoke. A cold bead of sweat began to form on his forehead as he frantically tried to wake Riley up. After countless minutes of trying to wake him, Riley finally woke with an uneasy look on his face.

As they paced down the stairs to tell their parents they hoped at least the burnd terrain would still be there.

Sadly their parents wouldn't believe them. Although no one believed that the UFO was real, Riley still tried to prove their story right. As they returned home Christian felt something miniature in his pocket, he pulled out a shiny red berry. ~~found a~~ A unique thing about the berry is that it can regenerate
